Resolution No.005/2017

Date:11-01-2017

Zonal office -9 – Unit 27 A – Marina Swimming Pool – Outsourced thro’ E-Auction for improvements, operation, Maintenance and management Contract – Awarded to M/s.Mullaimalar, M/s.Rajalakshmi Ammal trust, Saligramam, Chennai 93 – Auction amount collected and contract awarded (from 23/05/2015) including placing of Advertisements inside and outside the pool after getting NOC from concerned authorities – Condition stipulated to utilize the hoardings amount for the improvements and maintenance of the swimming pool - So far contractor was not permitted to place hoardings – 2nd year Auction amount not paid by the contractor so far due to non-receipt of NOC to place the hoardings – Modification in payment requested by the Contractor - Permission requested to cancel the outsourcing tender after calling and finalizing the limited tender for fresh outsourcing – Permission granted.

Marina Swimming Pool in Service Road of Kamarajar Salai, has been out sourced thro’ E-Auction held on 15/05/2015, for Improvements, Operation and Management contract to the highly bidded contractor Tmt.Mullaimalar, M/s.Rajalakshmi Ammal Trust, Saligramam, Chennai 600 093 vide Work Order dt.23/05/2015. The ratification orders for the same were obtained from Council thro’ Council resolution dt.06/07/2015.

The Final Auction amount (Rs.35 Lakhs) was fixed by the Corporation after calculating income from Advertisement (Rs.25 Lakhs) apart from basic income – user charges (Rs.10 Lakhs) from Swimming pool.

It was mentioned earlier in the Tender condition – Section -6 - Advertisement Details – as follows:-

“Chennai Corporation will provide NOC to the successful bidder to place advertisements inside and outside the Pool for 275 Sq.M. The successful bidder shall design, develop and maintain advertisement space ONLY for 275 Sq.M inside and outside the pool and shall get the necessary approvals on his own expenditure from the District Collector, Chennai District and shall collect the advertisement revenue towards the maintenance, improvement and all expenditure of the pool. Of the 275 Sq.M advertisement area identified, the space earmarked for the successful bidder shall be 225 Sq.M (inside 75 Sq.M and outside 150 Sq.M) and outside the pool, Chennai Corporation shall be given 50 Sq.M.”

The swimming pool was upgraded to ISO standard in August 2015. Even after that, the NOC from the concerned authorities could not be obtained due to more legal formalities. Hence, revenue from placing advertisements in the swimming pool could not be generated by the contractor.

Now, Power of delegation was transferred from District Collector, Chennai District to Commissioner, Greater Chennai Corporation to issue NOC for giving permission to place advertisements and modalities have been formulated.

In these circumstances, the contractor, M/s.Rajalakshmi Ammal Trust, Saligramam, Chennai-93, has given a letter, dt.24/10/2016, addressed to Zonal Officer-9, explaining the difficulties faced by them due to non-receipt of NOC for erecting advertisements. (Profit could not be obtained thro’ Advertisements).The contractor requesting the auction amount tariff be modified as follows:-

Year	Auction amount as per Work Order	To be modified
1 st year	<u>Rs.45,00,000/-</u>	<u>Rs.20,00,000/-</u>
2 nd Year	<u>Rs.47,25,000/-</u>	<u>Rs.21,00,000/-</u>
3 rd year	<u>Rs.40,61,250/-</u>	<u>Rs.22,05,000/-</u>

The contractor has mentioned that they could not pay the 2nd year Auction amount and had not earned profit due to non erection of Advertisements, and requesting to adhere the modification in auction amount. As per the stipulated condition of the contract, (Section-7, Terms & conditions), the payment of Auction amount shall be made before the commencement of every year otherwise penal interest of 10% shall be levied for two months and thereafter the contract will be cancelled.

Z.O.IX.C.No.E-1/000996/15

Due to non-provision of NOC to the contractor from the concerned authorities, till now, from the commencement of the contract onwards, to erect hoardings in the Swimming Pool, 1st year Auction amount of Rs.45 Lakhs, paid by the contractor, shall be adjusted for 2nd year also, taking into consideration the contract amount as Rs.20 Lakhs (Rs.10 Lakhs for user charges + Rs.10 Lakhs for cushion amount quoted by the contractor during the auction) for 1st year, (leaving behind the advertisement charges of 25 Lakhs, calculated departmentally) and 21 Lakhs for 2nd year. Moreover, levying of penal interest to pay the auction amount and forfeiture of Security Deposit (Rs.5 Lakhs) in case of cancelling the contract may be dropped.

Since the outsourcing was awarded after getting sanction thro' Council vide Council resolution dt.06/07/2015, the modification in Auction Amount after the commencement of the contract, could not be done due to tender procedures.

It may be recommended to cancel the existing outsourcing contract and to call for fresh limited tender for the maintenance of the swimming pool, due to urgency in continuation of maintenance of Marina Swimming Pool. It is also requested to outsource the contract for a period of 5 years (instead of 3 years) initially and to extend the contract up to 10 years (instead of 5 years), depending upon the satisfactory performance of the contract. The final auction amount (Basic amount) may be fixed in the forthcoming tender, as Rs.10 Lakhs without permitting the erection of hoardings in the Swimming pool.

It is also mutually agreed that the contractor will not claim for the balance amount, if any, even after cancelling the contract and the contract will be shelved.

Hence,

1. To cancel the existing outsourcing tender after calling and finalizing the limited tender for fresh outsourcing,
2. If approved, not to penalize the contractor for not having paid the 2nd year auction amount taking into consideration that they had already spent Rs.20 Lakhs towards the improvement of pool while taking over in May 2015 and also the loss suffered due to heavy rain in Nov-Dec 2015 and the Wardha Cyclone in December 2016,
3. To release the Security Deposit of Rs.5 Lakhs paid by the contractor while taking over the contract in May 2015, subject to hand over the pool in good condition,
4. To outsource the contract for a period of 5 years (instead of 3 years) initially and to extend the contract up to 10 years (instead of 5 years), depending upon the satisfactory performance of the contract,
5. To call for fresh limited tender by fixing the basic price as Rs.10 Lakhs (From where the auction will begin) without the erection of hoardings with premium amount of 5% every year,

Sl.No 1 to 5 above are approval of the Special Officer – Standing Committee (Works), Standing Committee (Taxation and Finance) and Council, Commissioner's note dated.08.01.2017 is read.

“Sanctioned by Special Officer- Standing Committee (Works), Standing Committee (Taxation and Finance) and Council.”

ZO VIII CNO/DA/502/2016

Resolution No.011/2017

Date:11-01-2017

Zone –VIII – proposed demolition Of Government building at Central Revenue Quarters, Ranganathan Garden 15TH main Road, Anna Nagar West, Chennai-600040 – Exemption for Payment of Demolition Fees – Sanction.

An application has been received from the Joint Commissioner of Income Tax Department to demolish the Central Government building situated at Old Survey No.207/1A, 207/2, 207/4, 207/5, 207/6B, 207/12B, New T.S.No.3 of Block No.10, Block No.11 and T.S.No.6 of Block No.12, Koyambedu village and registered as Demolition Application No.DA/08/502/2016 dated.24.10.2016.

After receipt of the Demolition Application, the site was inspected and necessary Demand Advice dated 22.11.2016 has been issued to pay the demolition fees Rs.3,93,800/- necessary for issuing Demolition Permit.

On receipt of the Demand Advice, the Joint Commissioner of Income Tax has sent a letter dated.25.1.2016, stating that no Developmental Charges can be levied for the building owned by Central Government as per section 59(4) of Town and Country Planning Act 1971, No development charges shall be levied on development or institution of use or of change of use of, any land or building vested in or under the control or possession of the Central or any State Government or of any Local authority and requested to exempt the payment of demolition charges levied as per demand advice as the building is a Central Government and accordingly the demolition charges may be waived and necessary order of approval for demolition may be issued.

In this connection, it is submitted that according to the provisions of Section 278 of CCMC Act 1919, it reads as follows: "278 Exemption of Government from taking out licences – Nothing in this Chapter shall be construed as requiring (Central Government) or the (State Government) to take out a licence in respect of any place in the occupation or under the control of (Such Government) or in respect of any property belonging to (The Government).

Therefore, in such circumstance the levy of demolition charges for the Central Government building are exempted for issuing the demolition approval.

It is to be submitted that, the Council, Greater Chennai Corporation have reserved power to issue exemption orders from paying demolition fees, Since the demand advice has already been issued dated 22.11..2016.

Hence, Special Officer- Standing Committee(Town Planning) and Council to waive the demolition charges already proposed as per the demand advice and to issue the demolition approval without collecting the demolition charges to the Income Tax Department orders requested Commissioner's note dated 08.01.2017 is read.

"Sanctioned by Special Officer- Standing Committee (Town Planning) and Council."

Resolution No.020/2017

Date:13-01-2017

Storm Water Drain Department-World Bank funded Integrated Storm Water Drain Project in Cooum and Adyar Basin-Resettlement Action Plan(RAP) for providing R & R Assistance to the Project Affected Families living along 4 canal banks approved by the World Bank-Supplementary Resettlement Action Plan(SRAP) for PAFs living along the Ambattur-Sidco and Nolambur Canal- Sanction for the SRAP and to hoist it in the website of Greater Chennai Corporation.

In G.O.Ms.No.1, Municipal Administration and Water Supply (MA2) Department, Dated 02.01.2015, the Government accorded Administrative Sanction to Integrated Storm Water Drain (ISWD) Project at a project cost of Rs.1101.43, in Cooum and Adyar Basins, in the expanded areas of the Greater Chennai Corporation, as a sub component, under World Bank funded Tamil Nadu Sustainable Urban Development Project (TNSUDP).

The above ISWD project has been divided into 39 packages out of which 35 packages are drain construction works and the remaining 4 works of improvement to canals which work consists strengthening, widening and deepening of namely, Ambattur-Sidco canal, Nolambur Canal, Nandambakkam Canal and Padikuppam Canal. In view of the fact that there is encroachments in the above four canals, leaving the 4 package works in the above canals, contracts were settled with the approval of World Bank, through Tamil Nadu Infrastructure Financial Services Limited (TNUIFSL) following due bid processes.

In respect of the above 4 canals, the Greater Chennai Corporation(GCC) as per the policies the International Bank for Reconstruction and Development (IBRD), ie. World Bank, the encroachers shall be shifted only after extending Resettlement and Rehabilitation(R & R) assistance. Therefore, the GCC has prepared a Resettlement Action Plan (RAP) to provide compensation, resettlement and rehabilitation assistance for the PAFs living in the above 4 canal banks, in line with the Environment and Social Management Frame Work(ESMF) of Government of Tamil Nadu. 330 PAFs were identified in the four canals as encroachers required to be shifted for the implementation of the project. After getting approval of the RAP from the World Bank, the sanction of the Council of Greater Chennai Corporation for the above RAP has been obtained vide Resolution of Council, No.44/2015, dated 29.01.2015. Thereafter, summary of the RAP has been translated in Tamil, the vernacular language, at the instance of the World Bank and hoisted in the website of the GCC.

Thereafter, verification of the enumeration of the PAFs were carried out by involving a Non-Governmental Organization(NGO) and for carrying out of Biometric survey of the PAFs a private agency was engaged. These processes are necessary for the shifting of the PAFs and for providing R & R assistances consisting disbursement of compensations to the PAFs and only after payment of all compensations as per the entitlement matrix spelt out the RAP, the PAFs could be shifted to the Resettlement location in the tenements of Tamil Nadu Slum Clearance Board (TNSCB).

While the above processes were going on, there came devastating rain during Nov-December, 2015, and consequent to the heavy downpour, the settlements in the JJ Nagar area of Nandambakkam, among other settlements, were completely washed away. These PAFs were, among other families, shifted and resettled by the TNSCB, in their tenements at Perumbakkam, pursuant to the orders of Government to resettle and rehabilitate the flood affected families who were living in the banks of Adyar who have lost their shelter. Therefore, the issue of providing R & R assistance to the families in JJ Nagar at Nandambakkam Canal Bank, earlier identified as PAFs of ISWD project, came to an end and the portion of land has become vacant. However, in view of the fact, as the PAFs who were shifted earlier from JJ Nagar in Nandambakkam Canal,

S.W.D.C.No.B4/2521/2016

under ISWD, it was observed by the World Bank that they are entitled to the R & R assistance as provided in the original RAP, as the GCC has not finalized and notified the list of PAFs who are actually affected. Therefore, at the instance of World Bank, the differential amount between the amount paid to PAFs of JJ Nagar by the TNSCB and the R & R assistance they are otherwise entitled as per the entitlement matrix of original RAP was paid by the GCC. Accordingly, as nothing survives, in respect of PAFs of JJ Nagar at Nandambakkam Canal, a status report has been sent to World Bank and a Closure Report is about to be sent to World Bank to close the subject relating to implementation of RAP to the PAFs of Nandambakkam Canal.

In respect of Padikuppam canal, separate action was pursued and at the instance of World Bank a Revised RAP has been prepared as per the instructions of the World Bank, received through email, on 17.06.2016, and sent to World Bank and comments were received from World Bank on the Revised RAP and further action is under process in the matter.

As per the instructions issued in the Wrap up meeting Action Points, forwarded by the World Bank, on 17.06.2016, the GCC has prepared and submitted Supplementary RAP(SRAP), to TNUIFSL, by letter dated.03.08.2016, for onward transmission to World Bank.

Comments received from World Bank, on 26.08.2016, through email, has stated that “ **we have no-objection to the Supplementary RAP(SRAP) for Nolambur and Ambattur-Sidco canals, subject to the following comments below** ” and the following comment, inter alia, is significant.

*“ Please mention in the SRAP about its disclosure, that a final consultation meeting will be held and revised Tamil brochures /versions would be made available. Also, please introduce a step/advance intimation of atleast one month from such consultation to the commencement of actual process of shifting of displaced households-hence the item (row) in Table 11 on “**shifting of PAPs**” wherein “October 2016” is currently mentioned would need to be accordingly modified with a clear date mentioned for start of resettlement process after consultations.*

Please continue the services of the existing NGO for support with the process of resettlement till it is complete-please modify their contract accordingly.

Please disclose English and Tamil versions of the revised SRAP and also send us the same for disclosure at our end-bids for works contract can be invited after the same;

The revised SRAP that is disclosed in Tamil should be shared with all PAPs in advance and a consultation meeting should be held as noted above to explain the provisions and process to be followed for their resettlement and payment of compensation/R&R assistance. The minutes of the meeting with details of people attended should be maintained along with videography.

GCC and TNSCB to jointly inspect the Thirumazhisai site to confirm that it is fully operational and ready for inhabitation before commencement of relocation process.

Bids can be awarded after the resettlement process is complete, including completion of relocation as per the SRAP and payment of full compensation to PAFs, as certified by TNUIFSL and to be intimated to Bank. ”

In view of the fact that the number of comments of the World Bank is large in number, a Revised SRAP, incorporating suitable corrections in the SRAP has been forwarded to TNUIFSL, by GCC, in its letter dated 11.11.2016, for onward transmission to World Bank for their approval.

S.W.D.C.No.B4/2521/2016

Subsequent to that, discussions were made with the Social expert of the TNUIFSL and in the discussion it is clarified that the World Bank has already in their mail dated 26.08.2016 has given No objection to the SRAP subject to certain comments. Hence, the GCC may go ahead with further processes like obtaining the sanction of the Council for SRAP for Ambattur-Sidco and Nolambur Canal PAFs, and disclosure of the summary of SRAP in English and Tamil in the website of the GCC. Therefore,

The Revised Supplementary Resettlement Action Plan (SRAP), for the Resettlement and Rehabilitation of the Project Affected Families of World Bank funded Integrated Storm Water Project in the expanded area of Greater Chennai Corporation in Ambattur-Sidco and Nolambur Canal bank and to hoist the summary of the same in the website of Greater Chennai Corporation in English and Tamil for the information of the public. Sanction of the Special Officer –Standing Committee (Works), Standing Committee (Taxation and Finance) and Council are requested, Commissioner's note dated.12.01.2017 is read.

“Sanctioned by Special Officer- Standing Committee (Works), Standing Committee (Taxation and finance) and Council.”

S.W.D.C.No.B4/264/2016

Resolution No.021/ 2017

Date:13-01-2017

Storm Water Drain Department - Sustainable Water Security Mission - Restoration of Villivakkam Tank-Appointment of Consultant-Proposal sent to TNUIFSL- TNUIFSL sent ToR for the procurement of the services of the consultant- Approval of ToR to be sent to TNUIFSL - Sanction.

The Principal Secretary, MA &WS., in the meeting conducted in his chamber during September, 2016 regarding the action taken for the Arappor lyakkam representation has instructed that the CMWSSB has to handover the lake in Villivakkam after keeping 5-7 acres land for their own use, to GCC and GCC has to take up the project immediately to avoid further encroachment and consultant may be appointed for the purpose through TNUIFSL.

The Water body, the Villivakkam Tank belonging to the Chennai Metropolitan Water Supply and Sewerage Board(CMWSSB) was inspected by Officials of CMWSSB, Officials of GCC including District Revenue Officer/Land and Estate Department on 14.11.2016. It has been recorded in the Report on joint inspection, as follows:

“ During the inspection, the District Revenue Officer, Land and Estates, Greater Chennai Corporation enquired about the location and extent of area to be handed over to Greater Chennai Corporation for maintaining as water body and also for forming Park. The Greater Chennai Corporation officials informed to furnish the Block plan of the Villivakkam STP land to be handed over. ”

In the Report on joint inspection it was further stated that,

“ it was informed by CMWSSB officials that some portion of land is required for maintaining the relay pumping station which is constructed in this land and also required for future expansion of sewage treatment plant. The extent land to be handed over to the Greater Chennai Corporation will be informed on finalization by the Board. ”

During subsequent joint inspection of the GCC officials and TNUIFSL and CMWSSB on 03.01.2017, it was informed by the Superintending Engineer, (WWT&R)of CMWSSB, that out of the total extent of 39 acres of lake land in Villavakkam, vested with CMWSSB, to an extent of 11.5 acres, will be retained by CMWSSB for the purpose of construction of Pumping Station and leaving another 2.5 acres of land which is under encroachment, the remaining 25 acres of land is proposed to be handed over to the GCC after approval of their Board for revamping of Villivakkam lake.

As per the orders of the Commissioner dated,22.11.2016, in order to revamp the water, TNUIFSL was requested in the letter dated,28.11.2016, to fix consultant for the preparation of DPR to carry out the restoration work by Greater Chennai Corporation in Villivakkam Tank which comes to Greater Chennai Corporation. Now, TNUIFSL have, in their letter dated.09.12.2016, sent Term of Reference (ToR) to GCC, for the procurement of the services of the Consultants for the above project for preparation of DPR.

The DPR prepared by the TNUIFSL has been examined and the same is found acceptable.

Therefore, sanction of the Council is required to carry out the revamping work Villivakkam Tank and ratification for having approached the TNUIFSL for preparation of DPR for the same. Further approval of the Council is also required for the ToR prepared by TNUIFSL for the procurement of consultancy services for the preparation DPR for carrying out revamping work of Villivakkam Tank.

S.W.D.C.No.B4/264/2016

Hence,

- (i) to accept the transfer of Villivakkam Tank from CMWSSB to Greater Chennai Corporation and to carry out the work of revamping of the above tank under Sustainable Water Security Mission(SWSM) of Government of Tamil Nadu once the CMWSSB board sends the handing over order.
- (ii) to approve the ToR prepared by the TNUIFSL for the procurement consultancy services for the preparation of the DPR for the above work under Sustainable Water Security Mission.

Sl.No (i) and (ii) above are approval of the Special Officer – Standing Committee (Works), Standing Committee (Taxation and Finance) and Council, Commissioner's note dated.12.01.2017 is read.

“Sanctioned by Special Officer- Standing Committee (Works), Standing Committee (Taxation and finance) and Council.”

Resolution No.043/2017

Date:30-01-2017

Storm Water Drain Department-Pipe line of Projects proposed to be taken up under Asian Development Bank-Feasibility study and Detailed Project Report to be prepared through TNUIFSL by engaging consultants-Sanction

During the meeting convened by the Principal Secretary, MA & WS Department, on 04.11.2016, it was decided to take up the construction of missing storm water drain link to avoid flooding in subways.

Accordingly, a letter dated 02.12.2016 has been addressed to the TNUIFSL to carryout the feasibility studies and preparation of Detailed Project Report(DPR) by appointing consultants for the projects including proof checking of the design, drawings and Bill of Quantities.

TNUIFSL has requested the GCC to send Council Resolution with details at the earliest and also informed that on receipt of the same, they will initiate procurement process for appointment of consultants.

In this connection it is submitted that the scope of the work is as follows:

The scope of work for the Consultancy Services, inter alia, consists of reviewing the existing storm water drain network, the size of the drains to be designed and constructed based on the existing upstream and the disposing drain, and the invert level should match with the disposal drain. For the drain to be taken up in subway peripherals proper design should be adopted for drains in such a way to avoid inundation in subways and should include provision for pumping out water from subway collection well to the proposed storm water drain. The scope also consists of preparing detailed designs, contract packages, implementation plans including costing and bid documents, financial operating plan, maintenance plan and O & M costs.

Therefore, to send this scope of work and to entrust the work of preparation of Feasibility Study and Detailed Project for providing links to the storm water drains to TNUIFSL by engaging a consultant and finalize Terms of Reference for the assignment of consultancy work. Sanction of Special Officer –Standing Committee (Works), Standing Committee (Taxation and Finance) and Council is requested, Commissioner's note dated.12.01.2017 is read.

“Sanctioned by Special Officer- Standing Committee (Works), Standing Committee (Taxation and finance) and Council.”
