

# **Chennai Mega Streets Project**

## **Vision**

To create economical and climate resilient public infrastructure and give a city-wide facelift from North to South Chennai

## **Scope**

Create a seamless network plan by:

- Improving primary streets along transit
- Integrating the network with schools and parks
- Planning the underground utilities
- Identifying special and unique projects in each neighbourhood
- Involving the stakeholders
- Detailed design of the identified network of streets

## **Six Neighbourhoods**

Package 1	Anna Nagar
Package 2	Thiruvotriyur - Tondiarpet - George town
Package 3	Nungambakkam
Package 4	Mylapore
Package 5	Velachery
Package 6	Adyar

This project was taken under World Bank's Chennai City Partnership (CCP) program. Two phases of CCP,

- i. Sustainable Urban Services Program (SUSP) and
- ii. Urban Mobility and Spatial Development (UMSD)

### **Total length of roads under SUSP = 11.6 Km**

- Target for Year-2 = 5 Km
- Target for Year-4 & 5 = 6.6 Km

### **Total length of roads under UMSD = 50 Km**

- Target for Part-A = 18 Km
- Target for Part-B = 32 Km

**SUSP roads**

SI No	Zone	Road name
1	5	Tiruvottiyur High Road & AE Koil street L – 2.5 KM
